SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation by the management of Wescan Goldfields Inc. (the "Corporation") of proxies to be used at the Annual General and Special Meeting (the "Meeting") of the shareholders of the Corporation (the "Shareholders"), which is to be held at Suite 300, 224 - 4th Avenue South, Saskatoon, Saskatchewan, on Tuesday, June 13, 2017 at 11:00 AM (Saskatoon Time). Solicitation of proxies will be primarily by mail, but may also be undertaken by way of telephone, facsimile or oral communication by the directors and officers of the Corporation, at no additional compensation. The cost of the solicitation of proxies will be borne by the Corporation.

APPOINTMENT OF PROXYHOLDERS

Kenneth E. MacNeill and Harvey J. Bay (the designees named in the accompanying Form of Proxy) are directors of the Corporation. **A Shareholder has the right to appoint a person (who need not be a Shareholder), other than Kenneth E. MacNeill or Harvey J. Bay to represent such Shareholder at the Meeting.** To exercise this right, a Shareholder should insert the name of the other person in the blank space provided on the Form of Proxy. Alternatively, a Shareholder may complete another appropriate form of proxy.

A Form of Proxy will not be valid unless it is deposited at the offices of Computershare not less than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof.

Registered shareholders may use the internet site at www.investorvote.com to transmit their voting instructions. Registered shareholders should have the form of proxy in hand when they access the web site and will be prompted to enter their Control Number, which is located on the form of proxy. Registered shareholders can also return their proxies using the following methods: by mail at the offices of Computershare, Proxy Department, 135 West Beaver Creek, PO Box 300, Richmond Hill, ON, L4B 4R5; by hand at the offices of Computershare, 8th Floor, 100 University Avenue, Toronto, ON, M5J 2Y1; or by phone at 1-866-732-VOTE (8683). If registered shareholders vote by internet, their vote must be received not later than 3:00 PM on Thursday, June 9, 2016, or 48 hours prior to the time of any adjournment of the Meeting. **The website may be used to appoint a proxy holder to attend and vote on a Shareholder's behalf at the Meeting and to convey a Shareholder's voting instructions.**

REVOCATION OF PROXIES

A registered shareholder who has submitted a Form of Proxy may revoke it by a form in writing signed by the Shareholder or by an authorized attorney or, if the registered shareholder is a corporation, by a duly authorized officer, and deposited either: (i) by mail at the offices of Computershare, Proxy Department, 135 West Beaver Creek, PO Box 300, Richmond Hill, ON, L4B 4R5, or by hand at the offices of Computershare, 8th Floor, 100 University Avenue, Toronto, ON, M5J 2Y1, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof; (ii) at the offices of the Corporation at Suite 300, 224 - 4th Avenue South, Saskatoon, Saskatchewan, S7K 5M5, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof; or (iii) with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. In addition, a Form of Proxy may be revoked: (i) by the registered shareholder personally attending at the Meeting and voting the securities represented thereby or, if the registered shareholder is a corporation, by a representative of the corporation attending at the Meeting and voting such securities; or (ii) in any other manner permitted by law. Shareholders who do not have their Common Shares registered in their own name ("Beneficial Shareholders") may change the voting instructions given to an intermediary by notifying such intermediary in accordance with the intermediary's instructions.

EXERCISE OF DISCRETION BY PROXYHOLDERS

The designees named in the accompanying Form of Proxy will vote or withhold from voting the shares in respect of which they are appointed, on any ballot that may be called for, in accordance with the direction of the Shareholder appointing them and if the Shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted

accordingly. **In the absence of such direction, the relevant shares will be voted for: (i) the election of the directors as set forth in this Information Circular; (ii) the appointment of KPMG LLP, Chartered Professional Accountants, as auditors, at such remuneration as may be determined by the directors of the Corporation; and (iii) the annual approval of the Corporation's Stock Option Plan as described in this Information Circular.** The accompanying Form of Proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of the matters identified in the Notice of Meeting and with respect to other matters that may properly be brought before the Meeting. As of the date hereof, management of the Corporation knows of no such amendments, variations or other matters to be brought before the Meeting.

SIGNING OF PROXY

The Form of Proxy must be signed by the Shareholder or its duly appointed attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer. A Form of Proxy signed by a person acting as attorney or in some other representative capacity (including a representative of a corporate shareholder) should indicate that person's capacity (following its signature) and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has been previously filed with the Corporation).

NOTICE-AND-ACCESS

National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**National Instrument 54-101**") and National Instrument 51-102 - *Continuous Disclosure Obligations* allow for the use of a "notice-and-access" regime for the delivery of proxy-related materials.

Under the notice-and-access regime, reporting issuers are permitted to deliver proxy-related materials by posting them on SEDAR as well as a website other than SEDAR and sending shareholders a notice package that includes: (i) the voting instruction form or proxy; (ii) basic information about the meeting and the matters to be voted on; (iii) instructions on how to obtain a paper copy of the materials; and (iv) a plain-language explanation of how the new notice-and-access system operates and how the materials can be accessed online. Where prior consent has been obtained, a reporting issuer can send this notice package to shareholders electronically. This notice package must be mailed to shareholders from whom consent to electronic delivery has not been received.

The Corporation has elected to send its Information Circular to Shareholders using the notice-and-access regime. Accordingly, the Corporation will send the above-mentioned notice package to Shareholders which includes instructions on how to access the Corporation's Information Circular online and how to request a paper copy of the Information Circular. Distribution of the Corporation's Information Circular pursuant to the notice-and-access regime has the potential to substantially reduce printing and mailing costs and reduce our impact on the environment.

Notwithstanding the notice-and-access regime, Alberta's *Business Corporations Act* ("**ABCA**") requires the Corporation to: (i) deliver a paper copy of its annual financial statements to a registered Shareholder unless such registered Shareholder informs the Corporation in writing that it does not want a copy of the annual financial statements or provides written consent to electronic delivery; and (ii) deliver a paper copy of the Information Circular to a registered Shareholder unless such Shareholder provides written consent to electronic delivery. In order to ensure compliance with the ABCA, registered Shareholders who have not yet consented to electronic delivery will be mailed a copy of the Information Circular.

The Corporation will not send its proxy-related materials directly to non-objecting beneficial owners under National Instrument 54-101. The Corporation intends to pay for proximate intermediaries to forward the proxy-related materials and the voting instruction form to objecting beneficial owners under National Instrument 54-101.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF COMMON SHARES

Voting of Common Shares - General

As at April 27, 2017, there are 44,459,320 common shares of the Corporation ("Common Shares") issued and outstanding, each of which carries the right to one vote at meetings of the Shareholders.

Only persons registered as holders of Common Shares as of the close of business on May 4, 2017 (the Record Date) are entitled to receive notice of and to vote at the Meeting, except that any person who acquires Common Shares of the Corporation from a Shareholder after that date, may vote the Common Shares so acquired if, not later than 10 days prior to the Meeting, that person makes a request to Computershare to have its name included on the Shareholders' list for the Meeting and establishes that it owns Common Shares.

Voting of Common Shares - Advice to Beneficial Holders

The information set forth in this section is of significant importance to some Shareholders as some Shareholders do not have their Common Shares registered in their own name. Beneficial Shareholders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting Common Shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person or that the Common Shares are duly registered in their name such that they become a registered holder and can vote as such.**

In accordance with the requirements of National Instrument 54-101, the Corporation has distributed copies of the Notice of Meeting, this Information Circular and the form of proxy (collectively, the "Meeting Materials") to the clearing agencies, brokers and intermediaries for onward distribution to Beneficial Shareholders. Intermediaries are required to forward meeting materials to Beneficial Shareholders unless a Beneficial Shareholder has waived the right to receive them.

Applicable Canadian regulatory policy requires intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Each intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. In some cases, the form of proxy supplied to a Beneficial Shareholder by its Intermediary is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder (the intermediary) how to vote on behalf of the Beneficial Shareholder. In Canada, the majority of intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge"). In most cases, Broadridge mails a scannable **voting instruction form** (a "VIF") in lieu of the form of proxy provided by the Corporation, and asks Beneficial Shareholders to return the VIF to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a VIF from Broadridge cannot use that form to vote their Common Shares directly at the Meeting – the VIF must be returned to Broadridge or, alternatively, instructions must be received by Broadridge, as instructed by them, in order to have such Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or an agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder, should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting. Beneficial Shareholders who wish to change their vote must in sufficient time in advance of the Meeting, arrange for their respective intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set above.

To the knowledge of the directors and officers of the Corporation, as at the date hereof, the only person or company known to beneficially own or exercise control or direction over more than 10% of the outstanding Common Shares of the Corporation is the following:

All of the nominees are currently members of the Board of Directors. Unless otherwise directed, the designees named in the accompanying Form of Proxy intend to vote IN FAVOUR of the election, as directors, of the nominees whose names are set forth below.

Management of the Corporation does not contemplate that any of the nominees will, for any reason, become unable or unwilling to serve as a director of the Corporation. STATEMENT OF EXECUTIVE COMPENSATION

Report on Executive Compensation

This disclosure is intended to communicate the compensation provided to the individuals noted for the year ended December 31, 2016. The individuals are referred to collectively as the "Named Executive Officers" ("NEOs") of the Corporation and include the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") of the Corporation.

Compensation Committee, Composition and Responsibilities

The Corporation has a Compensation Committee of its Board of Directors comprised of three directors, the majority of which are independent as defined by National Instrument 52-110 *Audit Committees* of the Canadian Securities Administrators ("NI 52-110"); Harvey J. Bay (Chair), Gary L. Billingsley and Val L. Michasiw. The Compensation Committee is responsible to recommend to the Board of Directors annually a compensation philosophy and establish associated objectives for which the CEO is to be responsible. The Compensation Committee is also responsible for making recommendations to the Board of Directors with respect to compensation of the Corporation's senior executives, after reviewing their performance and to review the compensation of the Corporation's Directors. The Compensation Committee is also responsible for recommending to the Board of Directors on an annual basis the Compensation Discussion and Analysis to be included in the Corporation's information circular.

Report on Executive Compensation

The Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" for 2016 with the management of the Corporation. Based on that review and discussion, the Committee recommended to the Board that the "Compensation Discussion and Analysis" be included in the Corporation's Information Circular for the 2016 Annual General and Special Meeting.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

The objectives of the Corporation's compensation program are to provide a competitive base compensation as well as current and long-term rewards to the NEOs and other senior executives that are consistent with their individual performance and contribution to the Corporation's objectives.

What the Corporation's Compensation Program is Designed to Reward

The Corporation's executive compensation practices are designed to attract and retain talented personnel capable of achieving the Corporation's objectives. The Corporation also utilizes compensation programs to motivate and reward the Corporation's executives for the ultimate achievement of the Corporation's goals. The Corporation makes use of complementary short-term and long-term incentive programs intended to provide fair, competitive and motivational rewards in the short-term while ensuring that executive's long-term objectives remain aligned with those of the Shareholders.

Each Element of the Corporation's Compensation Program

The Corporation's executive compensation is comprised of four components: (1) base compensation, (2) annual cash bonuses, (3) long-term incentive in the form of stock options and (4) termination benefits.

Base Compensation

The base salary provides an executive with basic compensation and reflects individual responsibility, knowledge and experience, market competitiveness and the contribution expected from each individual. In setting base compensation levels each year, consideration is given to objective factors, including level of responsibility, experience and expertise and to subjective factors, such as leadership, commitment and attitude.

Annual Cash Bonuses

Annual cash bonuses are based on subjective criteria, including the Corporation's ability to pay such bonuses, individual

performance, the executive's contributions to achieving the Corporation's objectives, and other competitive considerations. The Compensation Committee reviews the performance of each executive with the CEO at the end of the calendar year and has the ability to award bonuses based on the criteria listed above. At this stage of development, the Compensation Committee generally would not support cash bonuses but would use stock options to compensate the Corporation's executives. In unusual circumstances cash bonuses may be paid.

Stock Options

This component is designed to provide executives with a long-term incentive to achieve the Corporation's objectives and contribute to Shareholder value. The use of stock options is designed to motivate and retain the Corporation's personnel in order to achieve the results that ultimately benefit the Shareholders.

Grants of options pursuant to the Corporation's stock option plan are approved by the Board of Directors, based on the recommendations of the Compensation Committee after considering the recommendations of the CEO.

In granting new options, consideration is given to:

- the number and terms of options already outstanding on an individual basis;
- the limits imposed by the TSX Venture Exchange on the total number of options that may be outstanding;
- the expected impact of the role of the executive on the Corporation's performance and strategic development; and
- all other forms of compensation.

The Compensation Committee may not necessarily use the fair value (as determined by the Black-Scholes option pricing model) as a basis for determining the number of options to award, as the ultimate realization of the option's value may be significantly different from that determined using the fair value models.

Termination Benefits

The Compensation Committee believes offering termination benefits (which covers events such as change of control) is an effective way of ensuring commitment to the Corporation and its Shareholders. Termination benefits are provided to the Corporation's NEOs as described in this Information Circular under the title "Termination of Employment, Change in Responsibilities and Employment Contracts". An estimate of the cost of the termination benefits if all NEOs were terminated as at December 31, 2016 is also provided in this section.

Compensation Decision Making Process and Considerations

The Compensation Committee uses the above criteria as a guide when determining the compensation for the Corporation's NEOs and other senior executives. The compensation program emphasizes individual experience and performance. As such, executives holding similar positions may receive substantially different levels of compensation. If circumstances dictate, the Compensation Committee will adjust certain elements of total compensation upward or downward to ensure the Corporation's compensation practices align with interests of the Shareholders while providing fair compensation to the Corporation's NEOs. For example, when resources are limited, the short-term incentive program may be reduced or eliminated and replaced with higher levels of stock option grants.

Benchmarking

The Corporation does not formally benchmark any component of its compensation paid to its senior management or directors. The Compensation Committee may review public information from time to time of a variety of junior exploration companies with similar market capitalization to ensure the Corporation's compensation is reasonable. The Compensation Committee has never used a compensation consultant to review its compensation practices or to perform benchmarking research.

Performance Goals

Due to the stage of development of the Corporation, quantifiable performance goals have not been established. The Board of Directors approve annual objectives to accomplish its goals of exploring mineral permits in the anticipation of discovering economic ore bodies. The Compensation Committee measures senior management against these annual objectives. The Compensation Committee will evaluate senior management's success based on relevant factors that may

impact their ability to achieve these annual objectives, including but not limited to market sentiment for junior companies, and the ability to raise sufficient financing to accomplish the stated annual objectives.

Implications of Risks of Compensation Policies and Practices

Wescan's Compensation Committee has considered the implication of the risks to the Corporation associated with decisions regarding compensation of NEOs. Compensation of NEOs is determined by negotiation of set, monthly amounts between the Corporation and the individual, or at the discretion of the Compensation Committee relating to any bonus potential or stock option incentive plan awards, based on subjective performance criteria, rather than tied to quantitative goals. Accordingly, the Compensation Committee is of the view that there is no material risk of the Corporation's NEOs or directors taking, as a result of compensation process or potential, inappropriate or excessive risks during the performance of their duties that are reasonably likely to have a material adverse effect on the Corporation.

The Corporation has a policy restricting NEOs and directors from engaging in short selling or trading in puts or calls of securities of the Corporation.

PARTICULARS OF MATTERS TO BE ACTED UPON

Annual Approval of Stock Option Plan

In accordance with policy 4.4 of the TSX Venture Exchange a Corporation that has a rolling stock option plan must have the Shareholders approve the plan on an annual basis. In accordance with this policy, shareholders are being asked to consider and, if deemed advisable, approve the Corporation's stock option plan (the "Plan").

Summary of the Plan

The Plan authorizes the Board of Directors to issue options to directors, officers, key employees and others who are in a

position to contribute to the future success and growth of the Corporation. Under the Plan, the aggregate number of Common Shares issuable upon exercise of options granted thereunder may not exceed 10% of the total number of outstanding Common Shares of the Corporation at the time the options are granted. Further, the aggregate number of Common Shares issuable upon the exercise of the options granted thereunder to any one individual may not exceed 5% of the total number of outstanding Common Shares of the Corporation. Options issued pursuant to the Plan must have an exercise price not less than that permitted by the stock exchange on which the Common Shares are then listed. The period during which an option may be exercised shall be determined by the Board of Directors at the time the option is granted, subject to any vesting limitations which may be imposed by the Board of Directors at the time such option is granted, provided no option shall be exercisable for a period exceeding 5 years from the date the option is granted unless specifically provided by the Board of Directors and in any event, no option shall be exercisable for a period exceeding 10 years from the date the option is granted.

The options granted under the Plan expire on the earlier of the date of the expiration of the option period noted above and 90 days after the date a holder ceases to hold the position or positions of director, officer, employee or consultant of the Corporation as the case may be. In the event of the death or permanent disability of a holder, any option previously granted to him shall be exercisable until the end of the option period noted above or until the expiration of 12 months after the date of death or permanent disability of such option holder, whichever is earlier. In the event of a sale by the Corporation of all or substantially all of its assets or in the event of a change in control of the Corporation, each holder shall be entitled to exercise, in whole or in part, the options granted to such holder, either during the term of the option or within 90 days after the date of the sale or change of control, whichever first occurs.

As at April 27, 2017, the maximum number of shares that could be reserved for issuance under the Plan was 4,445,932 (representing 10% of issued and outstanding shares of the Corporation), of which an aggregate of 2,650,000 were issued and outstanding (representing 6.0% of the issued and outstanding shares of the Corporation).

The approval by Shareholders requires a favorable vote of a majority of the Common Shares voted in respect thereof at the Meeting. The TSX Venture Exchange requires such approval before it will allow the adoption of the Plan. In the event the Plan is not approved by the Shareholders at the Meeting it shall cease to be effective for future grants.

8. Number of Optioned Shares

The Corporation shall obtain disinterested shareholder approval for

grants of Options to insiders (as defined in the *Securities Act (Alberta)*), of a number of Options exceeding 10% of the issued Shares, within any 12 month period.

The period during which an Option may be exercised (the "Option Period") shall be determined by the Board at the time the Option is granted, subject to any vesting limitations which may be imposed by the Board in its sole unfettered discretion at the time such Option is granted and Sections 11, 12 and 17 below, provided that:

- (a) no Option shall be exercisable for a period exceeding five (5) years from the date the Option is granted unless the Corporation receives the permission of the stock exchange or exchanges on which the Shares are then listed and as specifically provided by the Board and as permitted under the rules of any stock exchange or exchanges on which the Shares are then listed, and in any event, no Option shall be exercisable for a period exceeding ten (10) years from the date the Option is granted;
- (b) no Option in respect of which shareholder approval is required under the rules of any stock exchange or exchanges on which the Shares are then listed shall be exercisable until such time as the Option has been approved by the shareholders of the Corporation;
- (c) the Board may, subject to the receipt of any necessary regulatory approvals, in its sole discretion, accelerate the time at which any Option may be exercised, in whole or in part; and
- (d) any Options granted to any Participant must expire within 90 days after the Participant ceases to be a Participant, and within 30 days for any Participant engaged in investor relation activities after such Participant ceases to be employed to provide investor relation activities.

10. Method of Exercise of Option

- (a) Except as set forth in Sections 11 and 12 below or as otherwise determined by the Board, no Option may be exercised unless the holder of such Option is, at the time the Option is exercised, a director, officer, employee or consultant of the Corporation.
- (b) Options that are otherwise exercisable in accordance with the terms thereof may be exercised in whole or in part from time to time.
- (c) Any Participant (or his legal, personal representative) wishing to exercise an Option shall deliver to the Corporation, at its principal office in the City of Saskatoon, Saskatchewan:
 - (i) a written notice expressing the intention of such Participant (or his legal, personal representative) to exercise his Option and specifying the number of Shares in respect of which the Option is exercised; and
 - (ii) a cash payment, certified cheque or bank draft, representing the full purchase price of the Shares in respect of which the Option is exercised.
- (d) Upon the exercise of an Option as aforesaid, the Corporation shall use reasonable efforts to forthwith deliver, or cause the registrar and transfer agent of the Shares to deliver, to the relevant Participant (or his legal, personal representative) or to the order thereof, a certificate representing the aggregate number of fully paid and non-assessable Shares in respect of which the Option has been duly exercised.

11. Ceasing to be a Director, Officer, Employee or Consultant

If any Participant shall cease to hold the position or positions of director, officer, employee or consultant of the Corporation (as the case may be) for any reason other than death or permanent disability, his Option will terminate at 4:00 p.m. (Saskatoon time) on the earlier of the date of the expiration of the Option Period and 90 days after the date such Participant ceases to hold the position or positions of director, officer, employee or consultant of the Corporation as the case may be, and ceases to actively perform services for the Corporation. An Option granted to a Participant who performs Investor Relations services on behalf of the Corporation shall terminate on the date of termination of the employment or cessation of services being provided and shall be subject to Exchange policies and procedures for the termination of Options for Investor Relations services. For greater certainty, the termination

of any Options held by the Participant, and the period during which the Participant may exercise any Options, shall be without regard to any notice period arising from the Participant's ceasing to hold the position or positions of director, officer, employee or consultant of the Corporation (as the case may be).

Neither the selection of any person as a Participant nor the granting of an Option to any Participant under this Plan shall: (i) confer upon such Participant any right to continue as a director, officer, employee or consultant of the Corporation, as the case may be; or (ii) be construed as a guarantee that the Participant will continue as a director, officer, employee or consultant of the Corporation, as the case may be.

12. Death or Permanent Disability of a Participant

In the event of the death or permanent disability of a Participant, any Option previously granted to him shall be exercisable until the end of the Option Period or until the expiration of 12 months after the date of death or permanent disability of such Participant, whichever is earlier, and then, in the event of death or permanent disability, only:

- (a) by the person or persons to whom the Participant's rights under the Option shall pass by the Participant's will or applicable law; and
- (b) to the extent that he was entitled to exercise the Option as at the date of his death or permanent disability.

13. Expiration of Option During Black Out Period

Should the expiration date for an Option fall within a period during which a Participant cannot trade Shares pursuant to the Corporation's Policy respecting restriction on trading which affect the Participation and which is in effect at that time (which, for greater certainty, does not include the period during which a cease trade order is in effect to which the Corporation or that Participant is subject) (a "Black Out Period") or within nine days following the expiration of a Black Out Period, such expiration date shall be automatically extended without any further act or formality to that date which the tenth day after the end of the Black Out Period (the "Black Out Extension Period"). The Black Out Extension Period may not be extended by the Board.

14. Rights of Participants

No person entitled to exercise any Option granted under this Plan shall have any of the rights or privileges of a shareholder of the Corporation in respect of any Shares issuable upon exercise of such Option until such Shares have been paid for in full and issued to such person.

15. Proceeds from Exercise of Options

The proceeds from any sale of Shares issued upon the exercise of Options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the Board may determine and direct.

16. Adjustments

- (a) The number of Shares subject to the Plan shall be increased or decreased proportionately in the event of the subdivision or consolidation of the outstanding Shares of the Corporation, and in any such event a corresponding adjustment shall be made to the number of Shares deliverable upon the exercise of any Option granted prior to such event without any change in the total price applicable to the unexercised portion of the Option, but with a corresponding adjustment in the price for each Share that may be acquired upon the exercise of the Option. In case the Corporation is reorganized or merged or consolidated or amalgamated with another corporation, appropriate provisions shall be made for the continuance of the Options outstanding under this Plan and to prevent any dilution or enlargement of the same.
- (b) Adjustments under this Section 16 shall be made by the Board, whose determination as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive. No fractional Shares shall be issued upon the exercise of an Option following the making of any such adjustment.

17. Change of Control

Notwithstanding the provisions of section 11 or any vesting restrictions otherwise applicable to the relevant Options, in the event of a sale by the Corporation of all or substantially all of its assets or in the event of a Change of Control of the Corporation, each Participant shall be entitled to exercise, in whole or in part, all the Options held by such Participant which would otherwise not be exercisable due to vesting restrictions, until the earlier of the date of expiration of the Option Period and 90 days after the date of such sale or Change of Control.

For the purpose of this Plan, "Change of Control" of the Corporation means and shall be deemed to have occurred upon:

- (a) the acceptance by the holders of Shares of the Corporation, representing in the aggregate, more than 50 percent of all issued Shares of the Corporation, of any offer, whether by way of a takeover bid or otherwise, for all or any of the outstanding Shares of the Corporation; or
- (b) the acquisition, by whatever means, by a person (or two or more persons who, in such acquisition, have acted jointly or in concert or intend to exercise jointly or in concert any voting rights attaching to the Shares acquired), directly or indirectly, of beneficial ownership of such number of Shares or rights to Shares of the Corporation, which together with such person's then owned Shares and rights to Shares, if any, represent (assuming the full exercise of such rights to voting securities) more than 50 percent of the combined voting rights of the Corporation's then outstanding Shares; or
- (c) the entering into of any agreement by the Corporation to merge, consolidate, amalgamate, initiate an arrangement or be absorbed by or into another corporation; or
- (d) the passing of a resolution by the Board or shareholders of the Corporation to substantially liquidate the assets or wind-up the Corporation's business or significantly rearrange its affairs in one or more transactions or series of transactions or the commencement of proceedings for such a liquidation, winding-up or re-arrangement (except where such re-arrangement is part of a bona fide reorganization of the Corporation in circumstances where the business of the Corporation is continued and where the shareholdings remain substantially the same following the re-arrangement); or

WESCAN GOLDFIELDS INC.

BOARD OF DIRECTORS - MANDATE

1. General Powers of the Board of Directors

The Board of Directors has a duty to manage the business and affairs of the Corporation. Directors must comply with the *Business Corporations Act* of Alberta and the regulations thereunder and the articles and by-laws of the Company. The powers of the Board of Directors may be exercised by resolution passed at a meeting at which a quorum is present or by resolution in writing signed by all directors entitled to vote on such resolution.

The principal responsibility of the Board of Directors is to promote the best interests of the Company and its shareholders. This responsibility includes: (i) approving fundamental operating, financial and other corporate plans, strategies and objectives; (ii) evaluating the performance of the Company and its senior management; (iii) selecting, regularly evaluating and fixing the compensation of executive officers; (iv) adopting policies of corporate governance and conduct, including compliance with applicable laws and regulations, financial and other controls; (v) reviewing the process of providing appropriate financial and operational information to the shareholders and the public generally; and (vi) evaluating the overall effectiveness of the Board of Directors.

2. General Fiduciary Duties

The Board of Directors must act with a view to the best interests of the Company and its shareholders generally. Every director of the Company in exercising their powers and discharging their duties must:

- (a) act honestly and in good faith with a view to the best interests of the Company; and
- (b) exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Fiduciary duties include, by way of example, the obligation to refrain from voting on contracts where personal financial or other interests conflict with those of the Company, using insider information in securities transactions and appropriating a corporate opportunity for personal benefit. Directors must act with such care as would reasonably be expected of a person having the knowledge and experience of the director in question.

Directors should have sufficient information to enable them to make knowledgeable decisions on all matters coming before the Board of Directors. It is the responsibility of each director to ask such questions as may be necessary to satisfy that the director has been supplied with all the necessary information on which to base the director's decisions. Directors should be familiar with all aspects of the business and affairs of the Company and have a basic understanding of the principal operational and financial objectives, strategies and plans of the Company, the results of operations and the financial condition of the Company.

Directors are entitled to rely in good faith on: (i) financial statements of the Company that are represented to them by an officer of the Company or in a written report of the auditors of the Company as fairly reflecting the financial condition of the Company; or (ii) an opinion or report of a lawyer, accountant, engineer, appraiser or other person whose profession lends credibility to a statement made by that person.

In order to fulfill the director's fiduciary duties to the Company and its shareholders, each director should: (i) prepare for (i.e. make all necessary investigations and reviews) and attend all meetings of the Board of Directors; (ii) be sufficiently informed about the current and proposed activities of the Company; (iii) review the minutes of any meeting not attended as well as any resolutions passed or actions taken; (iv) obtain advice from outside or independent advisors and consultants when necessary; (v) ensure that all Board meeting agendas include a review of the minutes of the previous meeting of the Board of Directors to ensure they accurately represent the discussions that took place and the resolutions that were passed; and (vi) be especially attentive to specific aspects of the Company's activities according to the director's own experience and occupation.

3. Conflicts of Interest

A director who is a party to a material contract or proposed material contract with the Company, or who is a director or officer of or has a material interest in any person who is a party to a material contract or proposed material contract with the Company, must disclose in writing to the Company, or request to have entered in the minutes of meetings of directors, the nature and extent of the director's interest.

The disclosure required to be made by a director where there is a conflict of interest must be made at the meeting at which a proposed contract is first considered by the Board of Directors or, if the director had no interest in a proposed contract at the time of such meeting, at the first meeting of the Board of Directors after he acquires an interest. If the director acquires an interest after a contract is made, the director must disclose this interest at the first meeting of the Board of Directors after the director becomes so interested. If a person who has an interest in a contract later becomes a director of the Company, the director must disclose this interest at the first meeting of the Board of Directors.

Where a proposed contract is dealt with by a written resolution signed by all directors in lieu of a meeting of the Board of Directors, the disclosure must be made immediately upon receipt of the resolution or, if the director had no interest at the time of receipt of the resolution, at the first meeting of the Board of Directors after the director acquires the interest.

A director who discloses a conflict of interest must refrain from taking part in any discussions or voting on any resolution to approve the contract, unless the contract is:

- (a) an arrangement by way of security for money loaned to or obligations undertaken by the director, or by a body corporate in which the director has an interest, for the benefit of the Company or an affiliate;
- (b) a contract relating primarily to the director's remuneration as a director, officer, employee or agent of the Company or an affiliate;
- (c) a contract for indemnity or insurance with respect to a director or officer of the Company, a former director or officer of the Company or a person who acts or acted at the Company's request as a director or officer of a body corporate of which the Company is or was a shareholder or creditor; or
- (d) a contract with an affiliate of the Company, provided however, that directors who serve on boards of affiliated corporations are not required to refrain from voting on contracts between the two corporations.

Any profits or gains realized by a director as a result of the director's privileged position on the Board of Directors must be reimbursed to the Company, except in the case of gains resulting from contracts with respect to which the director has complied with the obligation to disclose this interest and refrain from voting.

4. Stewardship of the Corporation

The Board of Directors is responsible for the stewardship of the Company and, as part of the overall stewardship responsibility, should assume responsibility for the following matters:

- (a) the adoption of a strategic planning process;
- (b) the identification of the principal risks of the Company's business and ensuring the implementation of appropriate systems to manage these risks;

A director is precluded from obtaining or diverting to another person or corporation with whom or with which the director is associated, either secretly or without the approval of the Company, any property or business advantage either belonging to the Company or for which it has been negotiating.

A director is also precluded from so acting even after the director's resignation where the resignation may fairly be said to have been prompted or influenced by a wish to acquire the opportunity sought by the Company, or where it was the director's position with the Company that led to the opportunity.

A director may not use his or her position as a director to make a profit even if it was not open to the Company to participate in the transaction.

6. Duty of Independence

A director must act strictly in the best interests of the Company and its shareholders generally and not in the interest of any one shareholder or group of shareholders. In determining whether a particular transaction or course of action is in the best interests of the Company, a director, if elected or appointed by holders of a class or series of shares, may give special, but not exclusive, consideration to the interests of those who elected or appointed the director.

7. Duty of Confidentiality

Directors of the Company have an obligation to maintain the confidentiality of matters discussed at meetings of the Board of Directors unless:

- (a) it was clearly understood at the Board meeting that the information was not required to be kept in confidence;
- (b) the director was required or authorized by law to disclose the information; or
- (c) the director was authorized expressly or implicitly by the Board of Directors to make disclosure of the information.

8. Duty Not to Misuse Information or Position

A director must not misuse his or her position or make improper use of information acquired by virtue of the director's position to gain, directly or indirectly, an advantage for themselves or any other person or to cause detriment to the Company. Directors are insiders of the Company and, as such, must not use information about the Company to trade in securities or to assist others to trade in securities of the Company before the information is available to the public.

9. Insider reporting

Directors are required to report any changes in their direct or indirect beneficial ownership of or control or direction over securities of the Company within 5 days of the change. The Company has established a procedure for assisting insiders with the reporting of insider trades. A copy of this procedure is attached hereto together with an election form whereby the insider is to elect to either file insider reports directly (through SEDI) or through a Company designated person.

10. Communication to Shareholders

The Board of Directors must ensure that the Company has in place a policy to enable the Company to communicate effectively with its shareholders and the public generally. Directors have a duty to ensure that the appropriate procedures are in place and being complied with so that accurate, appropriate and timely disclosure is being made to the Company's shareholders and to the public.

11. Delegation of Authority to Officers and Committees

The Board of Directors may delegate authority and functions to officers and to committees of directors. The Board of Directors has the right to appoint officers to perform such duties assigned to them by the Board of Directors. The persons holding such offices shall also have the powers assigned to them from time to time by the Chief Executive Officer of the Company.

The following matters are within the sole purview of the Board of Directors and may not be delegated by the Board to a committee of directors or to an officer of the Company:

- (a) the submission to the shareholders of any question or matter requiring the approval of the shareholders;
- (b) the filling of a vacancy among the directors or in the office of the auditor;
- (c) the issuance of securities, except in the manner and on the terms authorized by the directors;

- (g) the approval of a management proxy circular;
- (h) the approval of annual financial statements; or
- (i) the adoption, amendment or repealing of any by-laws of the Company.

12. Financial Statements

The Board of Directors has a duty to approve the annual financial statements of the Company and to submit the financial statements of the Company, and the auditors' report thereon, for the preceding year to the shareholders of the Company.

A director is required to forthwith notify both the Audit Committee and the Company's auditors of any error or misstatement of which the director becomes aware in the audited financial statements of the Company. The Board of Directors has a duty to prepare and issue corrected financial statements on being informed of an error or misstatement by an auditor or former auditor and the duty to file these statements with or inform the appropriate securities commissions.

13. Auditors

On demand from the Company's auditors, each present and former director of the Company has a duty to furnish to the Company's auditors any information and explanations and allow access to any books, records, documents, accounts or vouchers of the Company or its subsidiaries that the director is reasonably able to furnish and which the Company's auditors consider necessary to enable them to report on the annual financial statements.

14. Shareholder Meetings

The Board of Directors is required to call the annual meeting of the shareholders and may, at any time, call a special meeting of shareholders. The Board of Directors has a duty to call a special meeting of the shareholders to approve any matter that requires the approval of shareholders by special resolution.
